

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

**CORRECTED
FISCAL MEMORANDUM
SB 258 – HB 386**

June 11, 2009

SUMMARY OF AMENDMENTS (007892, 007898, 008470):

Deletes all language following the enacting clause. Effective January 1, 2010, Amendment 007892 requires the Commissioner of the Department of Health to license and regulate commercial breeders of dogs and cats. Defines a “commercial breeder” as any person who possesses or maintains 20 or more unsterilized adult female dogs or cats for the purpose of sale of their offspring. For each companion animal sold or advertised for sale while the breeder is unlicensed or has a suspended or revoked license, or for each deceptive statement or material omission by a commercial breeder, the breeder is subject to a remedial civil penalty for each violation not to exceed \$1,000. Requires the applicant for licensure to be free of any criminal offense involving animals for the 10 years immediately preceding the application. Establishes initial license and annual renewal fees. Authorizes the Commissioner to require commercial breeders to keep specific records of sales and to provide an annual report to the Department. Requires the Commissioner to notify local law enforcement agencies if an inspection reveals evidence that animal cruelty is occurring. Amendment 007898 requires any violator to reimburse any municipal, county or state government for any costs incurred in transporting, treating, feeding, maintaining, or otherwise caring for any dog or cat possessed in violation of this part. Authorizes posted securities to be used for reimbursement of costs. Amendment 008470 deletes cats from the definition of “commercial breeder”.

CORRECTED FISCAL IMPACT OF ORIGINAL BILL:

Increase State Revenue - \$321,200/FY09-10
\$638,000/FY10-11
\$1,061,800/FY11-12 and Subsequent Years

Increase State Expenditures - \$16,000/One-Time
\$6,858,500/FY09-10
\$3,652,200/FY10-11
\$2,050,500/FY11-12 and Subsequent
Years

Increase Local Revenue - \$81,000/FY09-10
\$162,000/FY10-11
\$270,000/FY11-12 and Subsequent Years

SB 258 – HB 386 (CORRECTED)

Increase Local Expenditures – Exceeds \$100,000/Permissive

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENTS:

On May 19, 2009, we issued a fiscal memorandum reflecting an *increase in state revenue of \$321,200 in FY09-10, \$638,000 in FY10-11, and \$1,061,800 in FY11-12 and Subsequent Years*. Also, a *one-time increase in state expenditures of \$140,800 and increases in state expenditures of \$509,100 in FY09-10, \$516,100 in FY10-11, and \$517,600 in FY11-12 and subsequent years*. Further, we reflected an *increase in local revenue exceeding \$181,000 in FY09-10, exceeding \$262,000 in FY10-11, and exceeding \$370,000 in FY11-12 and subsequent years with a recurring increase in local expenditures exceeding \$1,000,000*. After further review and analysis of additional information provided by the Department of Health, the fiscal impact of this memorandum is as follows:

(CORRECTED)

**Increase State Revenue - \$321,200/FY09-10
\$638,000/FY10-11
\$1,061,800/FY11-12 and Subsequent
Years**

**Increase State Expenditures - \$140,800/One-Time
\$412,300/FY09-10
\$511,800/FY10-11 and
Subsequent Years**

**Increase Local Revenue – Exceeds \$181,000/FY09-10
Exceeds \$262,000/FY10-11
Exceeds \$370,000/FY11-12 and
Subsequent Years**

Increase Local Expenditures – Exceeds \$1,000,000/Recurring*

Assumptions applied to amendments:

- An estimated 500 commercial dog breeders across the state.
- Registration of 30 percent (150) of the commercial dog breeders in year one (FY09-10), an additional 30 percent (150) in year two (FY10-11), and the remaining 40 percent (200) in year three (FY11-12).
- Registration fees for commercial dog breeders possessing or maintaining 20-40 unsterilized adult female dogs or cats will equal \$500. Eighty percent of each year's registrants will fall into this category. Annual renewal fees remain the same as initial registration fees.
- Registration fees for commercial dog breeders possessing or maintaining over 41 unsterilized adult female dogs or cats will equal \$1,000. Twenty

percent of each year's registrants will fall into this category. Annual renewal fees remain the same as initial registration fees.

- In order to ensure that a licensed commercial dog breeder has not been convicted of any criminal offense involving animals, a Tennessee Bureau of Investigation (TBI) background check will be required of each initial applicant for licensure. According to the Department of Health, the fee for the background check fee will be paid by the applicant directly to the vendor that has entered into the statewide contract with TBI.
- The Department of Revenue projects an increase of taxable sales for commercial dog breeders of approximately \$10.8 million per year.
- Taxable sales of commercial dog breeders remain constant in subsequent years.
- The state sales tax rate is currently seven percent; the average local option sales tax rate is estimated to be 2.5 percent.
- For FY09-10, the increase in state sales tax revenue is estimated to be \$226,800 ($\$10.8 \text{ million} \times 30.0\% (150) \text{ registered dog breeders} \times 7.0\% \text{ tax rate}$).
- For FY09-10, the increase in state revenue collected from license fees is estimated to be \$90,000 ($150 \text{ registrants} \times 80.0\% \times \$500 + 150 \text{ registrants} \times 20.0\% \times \$1,000$).
- For FY10-11, the increase in state sales tax revenue is estimated to be \$453,600 ($\$10.8 \text{ million} \times 60.0\% (300) \text{ registered dog breeders} \times 7.0\% \text{ tax rate}$).
- For FY10-11, the increase in state revenue collected from license and renewal fees is estimated to be \$180,000 ($300 \text{ registrants} \times 80.0\% \times \$500 + 300 \text{ registrants} \times 20.0\% \times \$1,000$).
- For FY11-12 and subsequent years, the increase in state sales tax revenue is estimated to be \$756,000 ($\$10.8 \text{ million} \times 100\% (500) \text{ registered breeders} \times 7.0\% \text{ tax rate}$).
- For FY11-12 and subsequent years, the increase in state revenue collected from license and renewal fees is estimated to be \$300,000 ($500 \text{ registrants} \times 80.0\% \times \$500 + 500 \text{ registrants} \times 20.0\% \times \$1,000$).
- According to the Department of the Treasury, the minimal cost for administration of an additional interest-bearing restricted account within the State's Pooled Investment Fund can be accommodated without addition appropriation or reduced reversion.
- The Department of Health will need additional personnel to set up a regulatory section within the Department. The personnel will consist of one staff veterinarian at \$96,158 (\$71,760 salary + \$24,398 benefits), five accounting techs at \$229,705 (\$34,284 salary + \$11,657 benefits x 5), and one administrative services assistant at \$44,099 (\$32,910 salary + \$11,189 benefits). It is estimated that personnel will not be hired until October 2009, therefore the FY09-10 calculations for salary and benefits equal three-fourths of the total for the subsequent years.

- The one-time state expenditures are estimated to equal \$140,800 (\$11,900 computer costs + \$18,900 office landscaping + \$110,000 vehicle purchase).
- The increase in state expenditures for FY09-10 is estimated to be \$412,271 (\$207,068 salaries + \$70,403 benefits + \$4,200 supplies + \$10,600 computer costs + \$55,300 Finance and Administration billing charges + \$28,700 office lease + \$36,000 vehicles).
- The increase in state expenditures for FY10-11 and subsequent years is estimated to be \$511,762 per year (\$276,090 salaries + \$93,872 benefits + \$4,200 supplies + \$17,600 computer costs + \$55,300 Finance and Administration billing charges + \$28,700 office lease + \$36,000 vehicles).
- For FY09-10, the increase in local government tax revenue is estimated to be \$81,000 (\$10.8 million x 30.0% (150) registered dog breeders x 2.5% tax rate).
- For FY10-11, the increase in local government tax revenue is estimated to be \$162,000 (\$10.8 million x 60.0% (300) registered dog breeders x 2.5% tax rate).
- For FY11-12 and subsequent years, the increase in local government tax revenue is estimated to be \$270,000 (\$10.8 million x 100% (500) registered breeders x 2.5% tax rate).
- The increase in local government revenue from the reimbursement of costs of housing confiscated animals by the person in violation of this part is estimated to exceed \$100,000.
- An increase in violations of the animal cruelty act will be discovered through the required inspections of facilities by the Department of Health. The actual increase in violations is undetermined; however, the increase in local expenditures to confiscate and maintain animals in the local facilities is estimated to exceed \$1,000,000.

*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
